for more examples of our work

Iowa Memorial Granite Company has partnered with many educational, municipal and private organizations to provide durable, beautiful and cost effective products for commemoration, donor recognition and signage purposes. We work with a variety of materials including bronze, aluminum, granite and natural stone.

We can assist you with standard products like the bronze plaques offered through Park District Programs or offer one of our in-house designers when your project calls for something more distinctive. Bronze products are sourced through the world's leading manufacturer of cast bronze architectural plaques, assuring the highest levels of quality and design. Stone products are carved right here in our Muscatine manufacturing plant, allowing us to closely supervise every stage of the design and carving process.

Experience the convenience of one-stop shopping, along with competitive pricing when you work with Iowa Memorial Granite Company. We look forward to assisting you in any way we can.

- ❖ Better Business Bureau Complaint Free Award: 2006, 2007, 2008, 2009, 2010, 2011, 2012, 2013
- ❖ Serving the community of Muscatine since 1943
- ❖ American Institute for Commemorative Art Recipient of 2009-2010 Faehle Award for Excellence in Memorial Design
